

ENTECH

Authorized Distributor

ENTECH is now an **authorized distributor** for Precision Medical products, an American manufacturer of respiratory products, medical fittings and specialty products.

- Air and oxygen flowmeters – the most choices of flow rates in the industry
- Suction regulators to fit any department needs
- Air and oxygen blenders – complete set-up with hoses, condensation traps and flowmeters
- Heliox blenders – the only FDA approved blenders on the market
- Medical fittings to fill all of your facility's needs
- Medical hoses that work with any gas, length and fittings
- Compressors and aspirators – smaller, lighter and more powerful
- Specialty respiratory products unique to the market

To Order Precision Medical Products, call ENTECH at 602-747-9001 and mention that you want to order Precision Medical parts or email Info@EntechBiomedical.com.

ENTECH services and maintains a wide scope of equipment, including general biomedical, respiratory, anesthesia, medical imaging and other specialty equipment. With an expert staff of trained technicians, ENTECH has been providing clinical equipment service to major medical centers and hospitals, private practice physician offices, surgery centers and freestanding clinics throughout the Southwest for over 30 years.

Precision Medical, Inc., located in Northampton, PA, was founded in 1984 and is a global leader in respiratory devices and medical fittings, helping healthcare facilities in more than 50 countries achieve positive patient outcomes.
